Objective

I am a motivated and adaptable professional with a passion for solving complex problems. Equipped with expertise in both digital marketing and full-stack development, I excel at delivering innovative solutions that drive results. My ability to seamlessly integrate creativity with technical prowess allows me to tackle challenges head-on and consistently deliver high-quality work. With a proactive approach to learning and collaboration, I am poised to contribute effectively to any team or project.

Experience

- **R. K. Garodia and Co**   February 2023 -
  Full Stack Developer
  • Led the development of Android application "SMS Connect" from inception to deployment, serving as the sole developer.
  • Managed both frontend and backend development for a Next.js web application, utilizing MySQL for database management.
  • Utilized a range of libraries including Axios, Selenium, Puppeteer, and Playwright to optimize application functionality and automate tasks.
  • Designed and implemented various pages, including an intuitive admin dashboard, to meet project requirements and enhance user experience.
  • Successfully delivered SMS Connect, an Android application currently in active use within the organization.
  • Developed a robust web application using Next.js, enabling efficient data storage and retrieval from a MySQL database.
  • Received accolades from stakeholders for the user-friendly design and seamless functionality of the admin dashboard, improving overall productivity.
